From the President

The Society of Thoracic Radiology will host its 2010 annual meeting February 28-March 3, 2010 at the historic Hotel del Coronado in San Diego, California. The Program Committee, headed by Dr. David Lynch, has designed a comprehensive course for all physicians with an interest in cardiopulmonary disease. Communication with referring clinicians will be a theme of several lectures, and the Felson Lecture entitled "Communication in Radiology: What the Clinician Needs to Hear" will be delivered by Dr. Kevin K. Brown, an internationally known pulmonologist.

Course lectures will cover coronary and cardiac imaging, pulmonary vascular imaging, diffuse lung diseases, lung cancer, and infection. The Scanlon Symposium, one of the highlights of the meeting, will focus on evidence based medicine, and the Scanlon Lecturer, Dr. Jannette Collins, will speak on "Evidence-based Medicine in Cardiothoracic Imaging". Please examine our entire program at www.thoracicrad.org. We have sessions that will meet your needs, including four sessions with ABR self-assessment modules (SAMs). We have secured a wonderful resort at a competitive price. Please join us. I look forward to seeing you.
